

# AGRICULTURE, OIL DEPLETION, CLIMATE CHANGE.

**Are you wondering about the way forward for your enterprise?  
Would you like inspirational, sustainable and practical ideas  
for reducing reliance on industrial systems of production and  
distribution?**

## **Introduction to Permaculture** **Key principles and practices of Permaculture**

Weekend course delivered by Klaudia Van Gool  
(Environmental business practitioner and permaculture teacher)

We face a future of declining oil and gas supplies, ever-increasing prices, and carbon-rationing measures designed to halt climate change. How will this affect you? Is this a crisis or an opportunity for a renaissance in farming and increased local supply across Cornwall? This course will examine natural systems and how to develop new ways of working that can adapt to climate change and deliver food security in an age of decreasing fossil fuels

**12-13 January 2008**  
**Keigwin Farmhouse**  
**Nr Morvah Penwith**  
**TR19 7TS 10-16.00**  
**Tel: 0845 4587 485**
